Expenses Details

Total One-time Expenses: 6000.00

Total Recurring Expenses: 2500.00

Total Expenses: 8500.00

Actual Budget expenses: 7500.00

Computing Daily Budget against the remaining balance: 21

If you stick to your daily budget, you may have 21 days against the next cut off (if this value is negative, then you are spending more than your actual budget and we suggest that you lower your daily budget to encourage savings.)

Estimated Savings

End of cycle savings: 5950.00

You will save 5950.00 by the end of the cycle if you manage to keep your daily expenses below your daily budget.
